

## OHIO PLUMBING CODE

### QUESTIONNAIRE FOR CONTRACTORS

1. Have you experienced a plumbing failure since the adoption of the International Plumbing Code?
2. Have you experienced a failure with an Air Admittance Valve (AAV) installed on an automatic clothes washer?
3. Have you experienced any failures with the pumping action discharge with an automatic clothes washer?
4. Have you experienced any failures with the new wet vent system?
5. Have you experienced any problems with the downsizing of venting within the system?
6. Have you experienced any problems with the combination drain and vent system when piped too close to the building drain?
7. Would you like to see indirect waste piping system added back into the code?  
Ex: Indirecting a drinking fountain into a floor drain or indirecting a shower drain into a floor drain?
